

Parent View 2023-2024

Thank you to everyone who completed the Parent View. We had 137 responses this year. The responses were overwhelmingly positive and continue to demonstrate the strong relationship between school and families. We were absolutely delighted to hear that the majority of children are happy at school and feel safe. We will continue to develop our systems to ensure that any bullying is dealt with effectively and that parents are clear about any SEND needs their child has.

What are our greatest strengths?	What we could improve?	What are the 3 most important issues we should address in the next year?
Teachers and teaching	Open doors on time	More clubs
Communication with parents	More TAs	Security
Support/caring for children	Allowing holidays and leniency on attendance	Traffic
Support for parents	School dinners	School dinners
Environment - positive and supportive	More parents' evenings, communication and involvement in class	More staff
Confidence building	More homework	Bullying and swearing
	More clubs	
	Behaviour and language	

If you have any questions or comments or would like to discuss any further improvements that school could make in these areas, please call the office to arrange a meeting.
